

## Community Options – A Society for Children and Families

### Educational Assistant

Join our outstanding team of Community Preschool Education Speech-Language Pathologists, Occupational Therapists, Teachers, Family Consultant and Educational Assistants discover the keys to **professional satisfaction**, **career opportunity**, and **success** every day.

When you team up with Community Options, you entrust your career with the best. We have been a PUF provider of education solutions focusing on early intervention therapy services in Edmonton backed for 34 years. You would have the opportunity to work as a valued member of a trans-disciplinary team facilitating the needs of children on your care in a collaborative and respectful working environment.

Our goal is to provide you with a great career experience.

- Supportive and Collaborative Working Environment
- Professional development
- Competitive Pay
- **And, much more!**

When you join the Community Options Team you belong to a support network of experienced clinicians who share a passion for delivering the highest quality inclusion services in Community Preschool, Kindergarten, and Child-Care settings.

Requirements: Child Care Worker (level one) certificate  
Current first aide  
Clear speaking skills that facilitate language learning  
(Please call to discuss if you have equivalency but no certification)
